The new ordinance now fixes the maximum rate of speed at fluctuating speeds in order to expediate the flow of traffic but at a rate which will be reasonable and safe for the traveling public.

The ordinance, published elsewhere in this issue, also states that any person violating any of the provisions of the ordinance will be deemed guilty of a misdemeanor and upon conviction thereof will be fined in any sum not to exceed \$200. The 30 mile per hour limit will remain on Highway 92 from West Ave F to a point between East Ave C and East Ave D.

On Highway 83 the 30 mile zone extends from North First Street to the Santa Fe Railroad. The ordinance becomes effective when the speed signs are installed. The signs will be erected by the Jones County maintenance department of the Texas State Highway Department.

## FLIGHT... of Faith

The faith of a boy that a slender string shall hold high his kite — that when he extends a little more string his kite will go a little higher — shows that this flight is a flight of faith.

As the boy has faith in the string so must we have faith in our Lord, and the more faith we extend, the higher and more abundant our lives will be. It is written in Romans 1:17. "The just shall live by faith." Attend Church this Sunday and receive inspiration from those who share your faith, that you may, as the Apostle Paul said, "be comforted together by the mutual faith of you both."

The Church is God's appointed agency in this world for spreading the knowledge of His love for men and of His demand for men to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

The NEW Santa Fe Trail

A report on some of Santa Fe's newest milestones  
BY THE PRESIDENT OF THE SANTA FE

- In 1963, Santa Fe is investing some 90 million dollars on new equipment and improvements. All this money is being used to keep the Santa Fe up-to-date in every way. As a matter of fact, so many new and exciting things are happening on the Santa Fe today that some people are calling it "The New Santa Fe Trail."
- Here are just a few highlights of the many improvements.
- 2548 new boxcars.
  - 500 Mechanical Temperature Control cars.
  - 550 covered hopper cars.
  - 194 double and triple deck autoveyors.
  - 181 flat cars.
  - 58 new diesel locomotives.
  - 24 hi-level passenger cars.
  - 31 semi-lightweight mail and baggage cars.
  - Increasing our microwave communication system to 2064 route miles.
  - Experimenting with new and more efficient freight cars such as compartmentalized cars for automobile parts.
  - Advancing our piggy-back operations to include joint rail-truck rates.
- And we haven't been standing still up until now. We've invested over a billion dollars in progress since World War II. For example:
- The new cut-off line into Dallas.
  - Major line relocations in Arizona.

- Equipped 3560 new freight cars with "Shock Control" devices for damage-free shipment of fragile freight. (More of these cars are on order.)
  - Equipped 7745 freight cars with roller bearings.
  - Designed and built the first multi-level automobile transport cars—the autoveyors—which are now used by all the major railroads.
- To keep pace with changing times and with the rapid growth of the areas we serve, we keep constantly on the move toward a better way to serve you and to strengthen a vital part of our national defense.
- It is our aim to keep the Santa Fe Trail always new.

In addition to the tremendous investment in equipment and regular customer service, West Texas Utilities spends another \$400,000 a year maintaining the vast complex of machinery to keep the power flowing. Here you see the hood being pulled from giant turbine.

The repaired unit is lowered back into its bearings by huge cranes, and the alignment minutely inspected before the bolts are secured—just one of the countless jobs performed regularly by West Texas Utilities' maintenance crew to assure you an uninterrupted flow of electrical power.

Ready to go! In the generating room at Oak Creek plant, the gigantic turbine does its job to generate power for West Texas Utilities customers in the vast West Texas area. Because the flow of electrical power is so dependable, you can enjoy living better electrically.

## FAIRVIEW NEWS

By MRS. ELMER JOINER

Another Monday morning, another dry norther, is the only weather report this morning. It is looking pretty bad, but we haven't given up all hopes of it raining yet.

Most of the people in this community attended the annual R.E.A. meeting and barbecue in Stamford last Wednesday.

Mrs. Lois Hampton, Abilene, was visiting on this way last Thursday afternoon, with Mr. and Mrs. Johnnie Agnew and Mr. and Mrs. Elmer Joiner.

Guests in the home of Mr. and Mrs. Raleigh Bond last Monday night were, Mr. and Mrs. Doyle McKinnon, Tuxedo, and Mr. Bond's brother, Mr. and Mrs. Homer Bond, Abilene.

Mrs. Flavel Holmes visited with Mrs. Roy Watts last Wednesday.

Mrs. E. A. Henry had her scheduled surgery last Thursday morning and is in the Anson Hospital. She is reported to be doing very well, as she says she isn't young any more and things hurt you more at her age.

Mrs. Henry's son, Mr. and Mrs. Jimmy Henry, Houston, came to spend the week end with their father and visit with their mother in the hospital.

Mrs. George Wainwright reports that her son, Thomas Stephens, and family, who live in California, will arrive today for the first visit home in five years. They have been visiting a brother in Odessa, while enroute home.

Mr. and Mrs. Billy Joe Johnson and her brother, Bobby Eastus, of Abilene, were visitors again in services Sunday morning.

Rev. and Mrs. Derrel Lewis and children, took dinner with Mr. and Mrs. Jack Wright and children, Sunday.

Rev. M. E. Randolph, now pastor at Truby, visited Mrs. Henry in the hospital, Sunday afternoon.

Another former pastor of the Fairview church, the Rev. E. B. Crump, visited in the community Sunday afternoon, with Mr. and Mrs. Woodrow Goodwin and Mr. and Mrs. Elmer Joiner. He was accompanied by the pastor of the Assembly of God Church, Rev. and Mrs. Amburn and girls, Rev. Crump was at our church forty years ago, so few people are left who were here then. After leaving here he affiliated with the Assembly of God Church, and has preached in that church since.

At the present time he is District Secretary of the North Texas District of Assemblies of God Churches, and was guest speaker at the local church for both services Sunday.

Rev. and Mrs. Derrel Lewis and children went to Tye last Monday night and took supper with Rev. David Hartman and family.

Through an error of writing or printing, this reporter almost got in trouble last week. It was printed that Mrs. Derrel Lewis visited Friday morning with Jack Wright, when she really visited with his wife, Mrs. Wright. Since it is the pastor's wife it was good for a lot of laughs anyway.

The Wainwright family, as every one knows, has had more than their share of illness, but Saturday morning Mrs. David Higgins, the former Peggy Wainwright, had major surgery in Abilene. We hope for her a speedy recovery.

G. W. Wainwright, in the Stamford Hospital, was reported as some better.

Mr. and Mrs. Fred Rosenbaum took dinner with Mr. and Mrs. Mel Jones Sunday.

Mr. and Mrs. Joe Ford visited with Mr. and Mrs. George Wainwright, before church Sunday evening.

Mr. and Mrs. Bill Clements and girls, of Abilene, visited with Mr. and Mrs. Flavel Holmes Sunday afternoon.

Mr. and Mrs. Jimmy Joiner and children, spent Saturday night with his parents, Mr. and Mrs. Elmer Joiner.

Linda Goodwin went with the Junior High School choir, under the direction of Mrs. Willard Mayberry, to San Angelo, last Friday, to attend the Regional Interscholastic meeting. Linda is accompanist for the group.

Mr. and Mrs. Raleigh Bond went to Abilene last Friday night and ate supper with his brother, Mr. and Mrs. Homer Bond, after which they all attended the all night singing held at the Evangelical Methodist church in that city. They reported a great singing with singers coming from all over the region.

Mr. and Mrs. E. C. Gray went to Anson Sunday afternoon to see his father, E. C. Gray, who has been ill.

The Drake Family went to Rominy, last Thursday to visit with relatives, Mr. and Mrs. Gil Walker.

FLIGHT... of Faith

The faith of a boy that a slender string shall hold high his kite — that when he extends a little more string his kite will go a little higher — shows that this flight is a flight of faith.

As the boy has faith in the string so must we have faith in our Lord, and the more faith we extend, the higher and more abundant our lives will be. It is written in Romans 1:17, "The just shall live by faith." Attend Church this Sunday and receive inspiration from those who share your faith, that you may, as the Apostle Paul said, "be comforted together by the mutual faith of you both."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

OLD GLORY...

SHARON LEVERETT

SCHOOL

Johnny Garner placed first in "Story Telling" and will represent the Old Glory School at district events to be held at Hawley on April 5. Debbie Pierce, Russell Letz, Dewey Dudensing and Gayle Johnson placed from second through fifth in the order given. Others who participated in the contest were Dave Letz, Tommy Pritchard and Tanya Moore. Coaches in the Story Telling contest were Mrs. Vera Beil and Mrs. Georgia Mathews. Judges for the event were Mrs. Lou Boldaz, Mrs. Mary Jo Leverett, and Eddie Mathews. Spelling team and alternate

for the 7th and 8th grade were selected last week and are as follows: Gary Moore and Stephanie Letz with alternate Dona Bradshaw.

Old Glory School won first place in District 14-B One-Act Play competition held at Eula last Friday with their presentation of "Rose of Sharon." Their cast included Tim Jennings who was awarded Best Actor award and Sharon Leverett who was named Best Actress; also Donna Pierce and Danny Lammert. The play was directed by Mrs. Cecil Klump. Stage crew members were Carolyn Sander, Marva Dudensing and Stanley Diers. The Regional play competition will be held at Stephenville on Friday night, April 19.

Noodle School placed second with their two boy-one girl farce, "The Boor," directed by Mrs. Osborn. Over fifty students participated in the play

presentations. Other schools were Putnam, Moran, Lueders, Hawley and Avoca.

Others from Old Glory who attended all or part of the plays at Eula were Mr. and Mrs. V. R. Leverett and Jimmy, Mrs. Bernice White and Judy, and Mr. L. B. Boles and Alton.

Homemaking girls staged their second meal last week when they entertained the two freshmen girls, Rhonda Baitz and Louise Myers, with a semi-formal meal that featured chicken spaghetti, broccoli, mashed potatoes, yum-yum salad and chocolate pies. The meal was built around boxed preparations. Chairman for the meal were Beverly Garner and Linda Newman.

Two more meals are scheduled but open dates are fast disappearing. Perhaps they will be "sandwiched" in somewhere.

A.U.I.L. (University Interscholastic League) night has been scheduled for next Tuesday. The program will feature all literary type numbers going to district meet at Hawley on Friday of that week and will also include the one-act play which placed first at the play night last week at Eula.

Single charges of 25c and

50c will be made or \$1.00 per family in order to accommodate families with several children. The public is invited to attend as the evening will be enjoyable and the proceeds will help finance the students going to Stephenville.

L. Flowers and Mrs. W. H. Flowers are surviving.

The NEW Santa Fe Trail

A report on some of Santa Fe's newest milestones

BY THE PRESIDENT OF THE SANTA FE

In 1963, Santa Fe is investing some 90 million dollars on new equipment and improvements.

All this money is being used to keep the Santa Fe up-to-date in every way.

As a matter of fact, so many new and exciting things are happening on the Santa Fe today that some people are calling it "The New Santa Fe Trail."

Here are just a few highlights of the many improvements.

- 2548 new boxcars.
  - 500 Mechanical Temperature Control cars.
  - 550 covered hopper cars.
  - 194 double and triple deck autoveyors.
  - 181 flat cars.
  - 58 new diesel locomotives.
  - 24 hi-level passenger cars.
  - 31 semi-lightweight mail and baggage cars.
  - Increasing our microwave communication system to 2064 route miles.
  - Experimenting with new and more efficient freight cars such as compartmentalized cars for automobile parts.
  - Advancing our piggy-back operations to include joint rail-truck rates.
- And we haven't been standing still up until now. We've invested over a billion dollars in progress since World War II. For example:
- The new cut-off line into Dallas.
  - Major line relocations in Arizona.

- Equipped 3560 new freight cars with "Shock Control" devices for damage-free shipment of fragile freight. (More of these cars are on order.)
- Equipped 7745 freight cars with roller bearings.
- Designed and built the first multi-level automobile transport cars—the autoveyors—which are now used by all the major railroads.

To keep pace with changing times and with the rapid growth of the areas we serve, we keep constantly on the move toward a better way to serve you and to strengthen a vital part of our national defense.

It is our aim to keep the Santa Fe Trail always new.

In addition to the tremendous investment in equipment and regular customer service, West Texas Utilities spends another \$400,000 a year maintaining the vast complex of machinery to keep the power flowing. Here you see the hood being pulled from giant turbine.

**\$400,000**  
a year to keep  
the power flowing

Workmen replace blading veins which become eroded due to high-pressure steam flow. Highly skilled technicians are on call night and day. The moment trouble starts, their work begins. Much of the equipment is repaired on a regular maintenance schedule, before trouble appears.

Ready to go! In the generating room at Oak Creek plant, the gigantic turbine does its job to generate power for West Texas Utilities customers in the vast West Texas area. Because the flow of electrical power is so dependable, you can enjoy living better electrically.

FAIRVIEW NEWS

By MRS. ELMER JOINER

Another Monday morning, another dry north, is the only weather report this morning. It is looking pretty bad, but we haven't given up all hopes of it raining yet.

Most of the people in this community attended the annual R.E.A. meeting and barbecue in Stamford last Wednesday.

Mrs. Lois Hampton, Abilene, was visiting up this way last Thursday afternoon, with Mr. and Mrs. Johnnie Agnew and Mr. and Mrs. Elmer Joiner.

Guests in the home of Mr. and Mrs. Raleigh Bond last Monday night were Mr. and Mrs. Doyle McKinnon, Tuxedo, and Mr. Bond's brother, Mr. and Mrs. Homer Bond, Abilene.

Mrs. Flavel Holmes visited with Mrs. Roy Watts last Wednesday.

Mrs. E. A. Henry had her scheduled surgery last Thursday morning and is in the Anson Hospital. She is reported to be doing very well, as she says she isn't young any more and things hurt you more at her age.

Mrs. Henry's son, Mr. and Mrs. Jimmy Henry, Houston, came to spend the week end with their father and visit with their mother in the hospital.

Mrs. George Wainwright reports that her son, Thomas Stephens, and family, who live in California, will arrive today for the first visit home in five years. They have been visiting a brother in Odessa, while enroute home.

Mr. and Mrs. Billy Joe Johnson and her brother, Bobby Eastus, of Abilene, were visitors again in services Sunday morning.

Rev. and Mrs. Derrel Lewis and children, took dinner with Mr. and Mrs. Jack Wright and children, Sunday.

Rev. M. E. Randolph, now pastor at Truby, visited Mrs. Henry in the hospital, Sunday afternoon.

Another former pastor of the Fairview church, the Rev. E. B. Crump, visited in the community Sunday afternoon, with Mr. and Mrs. Woodrow Goodwin and Mr. and Mrs. Elmer Joiner. He was accompanied by the pastor of the Assembly of God Church, Rev. and Mrs. Amburn and girls, Rev. Crump was at our church forty years ago, so few people are left who were here then. After leaving here he affiliated with the Assembly of God Church, and has preached in that church since.

At the present time he is District Secretary of the North Texas District of Assemblies of God Churches, and was guest speaker at the local church for both services Sunday.

Rev. and Mrs. Derrel Lewis and children went to Tye last Monday night and took supper with Rev. David Hartman and family.

Through an error of writing or printing, this reporter almost got in trouble last week. It was printed that Mrs. Derrel Lewis visited Friday morning with Jack Wright, when she really visited with his wife, Mrs. Wright. Since it is the pastors wife it was good for a lot of laughs anyway.

The Wainwright family, as every one knows, has had more than their share of illness, but Saturday morning Mrs. David Higgins, the former Peggy Wainwright, had major surgery in Abilene. We hope for her a speedy recovery.

G. W. Wainwright, in the Stamford Hospital, was reported as some better.

Mr. and Mrs. Fred Rosenbaum took dinner with Mr. and Mrs. Mel Jones Sunday.

Mr. and Mrs. Joe Ford visited with Mr. and Mrs. George Wainwright, before church Sunday evening.

Mr. and Mrs. Bill Clements and girls, of Abilene, visited with Mr. and Mrs. Flavel Holmes Sunday afternoon.

Mr. and Mrs. Jimmy Joiner and children, spent Saturday night with his parents, Mr. and Mrs. Elmer Joiner.

Linda Goodwin went with the Junior High School choir, under the direction of Mrs. Willard Mayberry, to San Angelo, last Friday, to attend the Regional Interscholastic meeting. Linda is accompanist for the group.

Mr. and Mrs. Raleigh Bond went to Abilene last Friday night and ate supper with his brother, Mr. and Mrs. Homer Bond, after which they all attended the all night singing held at the Evangelical Methodist church in that city. They reported a great singing with singers coming from all over the region.

Mr. and Mrs. E. C. Gray went to Anson Sunday afternoon to see his father, E. C. Gray, who has been ill.

The Drake Family went to Rominy, last Thursday to visit with relatives, Mr. and Mrs. Gil Walker.

County TB Group Re-elects Officers

The annual meeting of the Jones County Tuberculosis Association was held at the Cliff House in Stamford, Tuesday evening, March 19. Current officers of the association, all of whom live in Stamford, were re-elected.

Elected president was L. E. Million Jr.; first vice president, Miss Irene Stewart; second vice president; third vice president, Mrs. Neoma Timberlake; third vice president, Mrs. Hazel Fiquia; recording secretary, Mrs. Olive McDougle; executive secretary, Mrs. Mildred Williams; treasurer, Mrs. Addie Mae Kennedy; seal sale chairman, Mrs. H. H. Corley.

John C. Bryant of Hamlin was chosen as the representative to the State Board of the Texas TB Association. Members of the County Case Finding Committee included Mrs. Ona High of Stamford, Mrs. E. M. Wilson of Hamlin, and Mrs. Billy Max Littlefield of Anson.

New directors elected included Mrs. J. K. French of Tuxedo, Mrs. E. P. Spurgeon of Merkel, and Mrs. A. J. Smith Sr. of Anson.

Directors from Hamlin presently serving on the board are Mrs. Ed Day, Mrs. O. H. Weaver, Mrs. Faye Atkinson, Mrs. A. A. Hackley, John C. Bryant, Mrs. Ed Bailey, Mrs. A. B. French and Miss Lennie Greenway.

Plans for the program for the coming year were made. These include continuation of TB patch tests in schools, sponsorship of an essay contest for high school students on the subject "Prevention of Tuberculosis," and a \$250 grant to be made to the University of Texas Medical Center for research studies on chest diseases.

## Movie Filmed at Disneyland Opens Here Sunday

Ordinarily, bringing another camera to Disneyland would be the same as bringing another sandwich to a banquet.

Since the opening, July 18, 1955, more than 30,000,000 visitors have toured the famed amusement park—and practically all of them have had the inevitable camera strapped around their necks with pockets bulging with rolls of film.

So, a camera at Disneyland is as common as five fingers on a hand. However, this was not the case with the battery of color cameras set up by Universal Pictures for the filming of locat on sequences there with Tony Curtis, Suzanne Pleshette, six-year-old Claire Wilcox and Tom Reese for "40 Pounds of Trouble," the new Universal International release opening Sunday on the screen of the Rogue Theatre.

Walt Disney, who had turned down more than 20 previous requests from motion picture companies to use Disneyland as a background for a movie, gave producer Stan Margulies and director Norman Jewison permission. This was the first time he has allowed his famous tourist attraction to be used for a major role in a feature length film.

## Internal Revenue Gives Tips on Tax Returns

Ellis Campbell Jr., of the Internal Revenue office in Dallas has released a list of the 10 most common errors made by taxpayers in itemizing deductions on Federal income tax returns. The list was compiled from records of the Internal Revenue office and consists of unallowable deductions found on returns.

None of the following expenses are deductible: Funeral expenses, water taxes, dog licenses, hunting and fishing licenses, social security taxes, Federal excise taxes on jewelry, tires, gasoline, furs, cosmetics, etc., life insurance premiums, title fees, fines and penalties.

Campbell said that when a return is audited, any of the above deductions must be disallowed and the taxpayer must pay the difference in tax.

He said that the instruction booklet mailed to most taxpayers has handy check lists of which expenses may be deducted. Taxpayers may also call RI 8-5611, Ext. 2111 and ask for income tax information.

Samuel Colt invented the revolver in 1835.
